

# ABOUT ME

Hi, I am a UI Engineer & Designer. I have worked on a large-scale ReactJS web application, WordPress Migration, Angular/Bootstrap applications, mobile app design. I have experience building web/mobile apps and a published app in Apple and Google Play stores. I also have a Bachelor's Degree in Computer Science and a diverse technical background. Proficient in HTML, CSS, JavaScript, and JavaScript frameworks while continuing to learn new technologies.

**I love hackathons and creative collaboration!**

## SKILLS

**UI DEVELOPMENT**  
**UI DESIGN**  
**UI PROTOTYPING**

## TECH TOOLS

### **Essentials:**

HTML, Javascript (ES5/ES6+), CSS, SQL

**Frameworks:** ReactJS, AngularJS(1+)

**Packages:** npm, yarn, homebrew

**Static Site Generators:** GatsbyJS

**CSS:** SASS/SCSS, styled-components

### **Other Tooling:**

Typescript, Storybook, Grunt, Express, Firebase, GraphQL, REST/

APIs, OAuth, JQuery, Bootstrap, CircleCI, MongoDB, Jest, Abstract, Sketch, PUG, HAML, Flexbox, CSS Grid, Babel, Invision, Google AMP, Webpack, Google Web Designer, Agile, JIRA, Confluence, LernaJS, Lottie/SVG Animation, NodeJS

### **CMS:**

Headless, Wordpress, Sitecore

### **Version Control:**

Git/Github, Bitbucket

### **ADOBE CREATIVE CLOUD**

Photoshop, Illustrator, Indesign, XD

## EDUCATION

**Bachelor Computer Science**  
Columbus State University

**Web Developer Certification**  
Emory Continuing Education
